3 AXES

GIVE YOUR PLAYERS **MEANINGFUL CHOICES** IN COMBAT

PROTEINS (THE OBJECTIVE) – 1d8

ENEMIES (KILL THEM)

Order it alongside a "retreat number!"

1

STOP THE FLOOD

Lots of enemies, pouring through multiple entrances. Lock those Doors!

5

KILL THE TARGET

Boss fight or Assassination.

2

ESCAPE

Cross a threshold, or trigger a cut scene.

6

PROTECT THE TARGET

When ordered sparingly, an escort mission can be fun.

3

STOP THE RITUAL!

Puzzle within the fight.

7

SAVE THE HOSTAGE

Premise of every Mario game and an absolute classic.

4

GET THE MaCGUFFIN

This is all about that one thing.

8

APPETIZERS (OPTIMIZERS) – 1d8

FREE YOUR ALLIES

An alarm, a magic horn, or a jail cell with **captured allies**

1

REVERSE WHACK-A-MOLE

Enemies one floor above, trapdoors everywhere.

5

THE HIGH GROUND

Using ADV/DIS on attacks, **vantage points** become a tactical gold mine.

2

LEVERS 'n' TRAPS

Control the levers, control the traps.

6

THE STASH

Access to a **resource**: ammo, weapons, spell scrolls, healing potions, etc.

3

THE "BIG GUN"

Add an ultra-powerful weapon to any battlefield.

7

THE CHEVY CHASE

Two separate areas with a divider and a bunch of small entrances. Each can be opened and closed by either side.

4

BOON

Often ordered with "High Ground" – dip your weapon in a fount of magic and immediately gain advantage.
OPTIONAL: Add a Power Switch

8

SIDES (HAZARDS) – 1d4

NO-GO ZONE

Obvious life-ending danger – use sparingly.

Varieties:

Battlefield with a crack in it
Everything but the Skyship
The Mufasa Special

VAT OF ACID

You will be hurt immediately, but *may* be able to get out before you die.

Varieties:

- Pit of Creatures
- "I Can Take It"
- Magical Machinery
- Frogger

1

"YOU'RE ON A ROOF"

Can add interest if one drop is worse than others.

3

2

THIN ICE

A Hazard you can flirt with, usually comes in stages, and might have a condition that changes who can safely interact with it.

4

Alternate Varieties:

- Glass Roof
- Quicksand

DESSERT (CHAOS) – 1d8

FIRE

Comes in different forms, but fire is universally understood, and irresistible.

1

UNLABELED LEVERS

You kill the goblin who's been activating all the traps only to find that none of his levers have any labels on them.

5

LIGHTS OUT

Regular Darkness, Magic Darkness, Fog clouds, etc,
Pairs really well with a Pull the Lever.

2

FREE THEM

Caged creatures/automatons, etc, that will attack anyone and everyone in a completely random order.

6

RANDOM STASH

That stash of health potions? What if all the labels were torn off?
Could either be healing OR damage dealing AOE spells.

3

ACTIVATE IT

Something clearly powerful, but vague.

7

BRING IT DOWN

A risky option that usually looks like supports holding up the mining shaft or engines powering your airship.

4

ACTIVATE IT + BRING DOWN COMBO

Roll for a Malfunction – turning the encounter into a classic, "Bring it Down"
